The STEP Teaching Seminar: Description
The STEP Teaching Seminar sits at the nexus of the clinical and coursework components of our teacher preparation program. Pragmatically, the Seminar serves as the official Stanford course for four elements of the STEP Secondary curriculum: (1) The student teaching experience, (2) The supervisory program, (3) The Seminar sessions and (4) Workshops

Expectations
You are expected to complete the following requirements for the Winter Quarter seminar:

Clinical work and Supervisory:
- We work with our school partners to determine the scope and shape of student teaching each quarter. We rely on our quarterly assessments from the Cooperating Teacher(s) and
the University Supervisor to ensure that you develop an understanding of the California Standards for the Teaching Profession (CSTPs) and ability to reflect upon your performance in light of those standards (Standard 6).

- You began your year long school placement in August and you will be observed at least four times each quarter.
- You are expected to complete all paperwork related to the student teaching placement in a timely manner. This includes documents such as contracts, induction agreements, and assessments from Cooperating Teacher(s), and your University Supervisor.

Honor Code

All Stanford students are expected to follow the Stanford Honor Code and Fundamental Standard, as noted in the STEP Handbook and Stanford Student Guide.

Accommodations

Students who may need an academic accommodation based on the impact of a disability must initiate the request with the Office of Accessible Education (OAE). Professional staff will evaluate the request with required documentation, recommend reasonable accommodations, and prepare an Accommodation Letter for faculty dated in the current quarter in which the request is being made. Students should contact the OAE as soon as possible since timely notice is needed to coordinate accommodations. The OAE is located at 563 Salvatierra Walk; phone: 723-1066; web site http://studentaffairs.stanford.edu

Course Assessment and Grading:

Students are expected to attend all classes, participate actively and submit all assignments. If you must be late or absent, please inform the instructors prior to class and arrange for a colleague to take notes and pick up any hand-outs.

Each assignment includes instructions that describe the standards and expectations. Comments will be given on each assignment and it will be made clear whether the standard achieved is satisfactory. Students must rewrite assignments that are not satisfactory, although they must be resubmitted by the final date of the course to avoid an incomplete. All assignments must be completed by the due date unless prior arrangements have been made. Make sure you get all the assistance you need from your peers, your supervisors, and from the instructors.
The goals of the Winter Seminar course

- To expand your knowledge of and skills for designing assessment systems to support the learning and achievement of all students in your classrooms;
- To consider how assessment systems can be transformative powerful tools for learning, equity and justice
- To develop a plan for your own assessment and grading that has equity and justice as its central focus
- To prepare you for your edTPA state requirement
