The STEP Teaching Seminar: Description

The STEP Teaching Seminar sits at the nexus of our teacher preparation program's clinical and coursework components. Pragmatically, the Seminar serves as the official Stanford course for four elements of the STEP Secondary curriculum: (1) the student teaching experience, (2) the supervisory program, (3) the Seminar sessions, and (4) the workshop series.

Course Description

This is the fourth and final course in the STEP Secondary Teaching Seminar series. This seminar class will build upon the experiences of the previous three-quarters of seminar and continue our collective work on developing teacher praxis through a lens of community, culture, and identity. We believe cultivating a sense of joy in learning enhances teaching practices and empowers educators. We also hope to provide space and opportunity for STEP teacher candidates to imagine forward as they take the final step toward becoming full-time classroom teachers.

Furthermore, our spring seminar will support your edTPA work through collaboration and sharing. We will use that process to learn from each other and ultimately submit our edTPA portfolios early in the spring quarter.

During this quarter, you will also launch or continue your independent student teaching and complete your STEP year Summary Reflections.

As in earlier quarters, Seminar provides a forum for Supervisors to meet with candidates in small groups. The members of each group will determine the curriculum for these meetings based on the interests and needs they identify.

Course Essential Questions

- How can we further develop teacher praxis (curriculum, instruction, assessment, classroom community, and leadership) through a lens of community, culture, and identity?
- How can we translate course learning into decisions and practices that reflect culturally sustaining pedagogies?
- How can we combine our developing knowledge, skills, values, and commitments to best serve and support our students, their families, and their communities?

Assignments

The assignments for this course include the following:

- Completion of all Clinical Work responsibilities (see below)
- Prepare a [Final Summative Reflective Assignment](#), due 5/31 (see details on Canvas)
- Complete the STEP Exit Survey, due 6/6 (see link on Canvas and via email)

The assignments are linked in the syllabus and are featured on Canvas.

Assessment and Grading

Complete all assignments carefully, thoughtfully, and on time. If you need an extension, please let your instructors know before the assignment's due date. Instructors and Supervisors will provide feedback. If your performance does not meet the expected standard, you will be asked to revise and resubmit. Make sure you get all the assistance you need from your peers, your supervisors and instructors. Our philosophy on assessment and grading is that everyone starts with an A grade and we work with students and support them with feedback to enable them to, when necessary, revise and resubmit assignments, working towards an A grade.

Attendance and Professional Educator Communication

We expect your thoughtful engagement and attendance at every Seminar session. Your personal learning and that of our collective relies on that. If you must be late or absent, please communicate your needs to the instructors prior to class and arrange for a colleague to take notes and pick up any hand-outs. If you are absent from all or part of a class session, instructors may assign an alternative assignment to support you to engage with content missed in class.

As a general frame for communicating absences and/or tardies at STEP (including seminar + supervisory), please follow the below guidance:

- Missing Class: If you plan/need to miss or have to be late to any class at STEP, please email Jeff + the teaching team for that course
- Missing Placement: If you plan/need to miss or be late to placement, please email your Cooperating Teacher + Supervisor + Ruth Ann + Jeff

- Missing Supervisory: If you plan/need to miss or be late for supervisory, please email Ruth Ann + Jeff + your supervisor.

Clinical Work: Student Teaching and Supervisory

- We work with our school partners to determine the scope and shape of student teaching each quarter. We rely on our *quarterly assessments* from the Cooperating Teacher(s) and the University Supervisor to ensure that you develop an understanding of the California Standards for the Teaching Profession (CSTPs) and the Teaching Performance Expectations (TPEs) and ability to reflect upon your performance in light of those standards (Standard 6).
- You will begin your year-long school placement in August, and you will be observed at least four times each quarter.
- You are expected to complete all paperwork related to the student teaching placement on time. This includes documents such as contracts, induction agreements, and assessments from the Cooperating Teacher(s) and your University Supervisor.
- **Culminating assignments for your Spring student teaching include the following:**
 - Completion of your **edTPA portfolio**
 - Successful completion of your **Independent Student Teaching**, as designed in collaboration with your Cooperating Teacher and Supervisor
 - Completion of your **Induction Plan** as part of your final Quarterly Assessment process in collaboration with your supervisor and CT. Your Induction Plan is meant to support your continued growth as an educator during your initial years as a practicing teacher.

Stanford Honor Code and Fundamental Standard

All Stanford students are expected to follow the [Stanford Honor Code](#) and [Fundamental Standard](#), as noted in the STEP Handbook and Stanford Student Guide.

Accessibility

Students with documented disabilities: Students who may need an academic accommodation based on the impact of a disability must initiate the request with the Student Disability Resource Center (SDRC) located within the Office of Accessible Education (OAE). SDRC staff will evaluate the request with required documentation, recommend reasonable accommodations, and prepare an Accommodation Letter for faculty dated in the current quarter in which the request is being made. Students should contact the SDRC as soon as possible since timely notice is needed to coordinate accommodations. The OAE is at 563 Salvatierra Walk (phone: 723-1066, 723-1067 TTY).
