Students with Documented Disabilities

Students who may need academic accommodation based on the impact of a disability must initiate the request with the Office of Accessible Education (OAE). Professional staff will evaluate the request with required documentation, recommend reasonable accommodations, and prepare an Accommodation Letter for faculty dated in the current quarter in which the request is made. Students should contact the OAE as soon as possible since timely notice is needed to coordinate accommodations. The OAE is located at 563 Salvatierra Walk (phone: 723-1066, URL: <http://studentaffairs.stanford.edu/oae>)

Course Procedures

This course will be taught across the academic year with sessions held in Summer, Fall, Winter, and Spring quarters. There will be an in-person learning component in which we will discuss and actively engage with the materials assigned. Some asynchronous learning activities (readings, short videos, and tasks) need to be completed in preparation for the in-person meeting. The goal is to have dynamic meetings where we actively work with the materials through exercises and discussion. It is therefore key that students prepare the readings before class and attend every class meeting. Contact an instructor *prior to class* if you cannot attend or will be late. If you are absent, you are responsible for collecting in-class assignment materials for the day

you missed. In addition, you will need to contact an instructor for further directions on meeting course requirements for material missed.

The STRIP

This formative assessment allows us to collect information from you at the end of each class period regarding your understanding of covered content and your enjoyment of class. After each class, you will complete a quick survey to indicate your understanding and enjoyment of the class session, on a scale between 1 (low) and 5 (high). Additionally, we encourage you to provide anonymous feedback. We will calculate averages for each class and share this with you.
